

Dear Parent / Carer,

Welcome to Flourish, providing your children with hot nutritious lunches each day. We are delighted to be joining your school.

All of our meals are freshly prepared every day from our local kitchen, using great quality ingredients that are grown, bred, produced or sourced locally where possible.

The menu has been developed in collaboration with our local Food and Nutrition Strategies, the Health and Wellbeing Dietitian, Government of Jersey and meets the School Food Standards. We also welcome input from parents and children when creating our menus and send out termly surveys so that we can collect your feedback.

The terms & conditions are included within this pack, along with the Spring menu. You will be able to order online with our service provider Bluerunner, the link for registration is flourish.myschoolmealorders.com. If you are struggling with registration, please contact Caring Cooks on the number below.

Your children will be eligible for free school meals if you fall into one of the following categories:

- Children who are or have been Children Looked After
- Children from households who have are in receipt of income support or have recently claimed Income Support
- Children from households with 'Registered' status that would qualify to claim Income Support if they had lived in Jersey for five years
- Children who have a parent or guardian serving in the Jersey Field Squadron

Simply provide evidence to Caring Cooks at the email address below. We will then authorise your free meals and you will be able to place an order without being charged.

Caring Cooks, the Health and Wellbeing Dietitian and Children, Young People, Education & Skills Dept will always be on hand to help, the contact details are below –

This programme has been made possible through a partnership between the Government of Jersey and Caring Cooks. It complements other programmes being piloted in schools through the work of the Government's Food and Nutrition Strategy, which aims to ensure good nutrition for all children in Jersey.

Caring Cooks have been supporting families in Jersey to access nutritious food for over 10 years and Flourish completes our ethos of growing, cooking and eating healthy food in childhood and beyond.

We look forward to serving your children and supporting them to flourish.

Yours sincerely

Yvonne Corbin
Chief Executive
Caring Cooks

Martin Knight
Director of Public Health Policy
Government of Jersey
