

16th June 2023

Dear Parents and Carers,

Year 1-6 Sports Day- DATE CHANGE- 30th June and reserve 12th July

As you will no doubt be aware the NEU announced this week they will be taking industrial action on Wednesday 5th July. This was scheduled to be our Year 1-6 Sports day, and although we know that this could be an inconvenience to parents, we don't want to risk this day not going ahead.

As a result Sports Day will take place on FRIDAY 30th JUNE for Years 1-6. Other arrangements will remain the same. Years 1/3/5 and Year 2/4/6...

Impact of Industrial Action

We are working through planning for the Industrial Action day. At this moment we are unsure how much this action will impact on the running of the school. This is because there are two main teacher unions, and only one, will be striking on this day, so some teachers will be in school, and some potentially will not. We will update you around this as soon as we have more information. Apologies in advance for any inconvenience this may cause.

Health Eating and Waste Survey

We have now compiled the survey to record your thoughts on this and to influence the updated policy we will be working on. We will also be holding a Parent Forum on this theme on 27th June- you can sign up for this via the survey link: [Healthy Eating Survey Link](#)

Tortoise Take Over- now live!

Please see the attached letter from Durrell around the Tortoise Take Over. You can find 'Pebbles' our tortoise at Alex Picot Trust, opposite Liberation Station in St. Helier. We have also enclosed the map of all of the other tortoises. The large ones will be on display from 1st July. It would be lovely if some people sent in photographs of their children/family with the tortoise.

Yours sincerely,

Mr. J. Baudains
Headteacher
